

CROSS RUN

Dance action: Dancers work in a 1x4 Formation, where the cross-runners (designated dancers) must both be centers or both be ends. The others are the non-runners. The cross-runners walk forward in a semi-circle into the spot vacated by the farther non-runner (ending with the opposite facing direction). That is, each cross-runner will cross the center of the four-dancer formation. Simultaneously each non-runner moves into the spot of the closer cross-runner without changing facing direction.

This position will be on their half of the four-dancer formation. That is, a center non-runner moves into the nearer end position; an end non-runner moves into the nearer center position. Ending formation: General Line

Timing: 6 Styling:
